T O R O N T O.

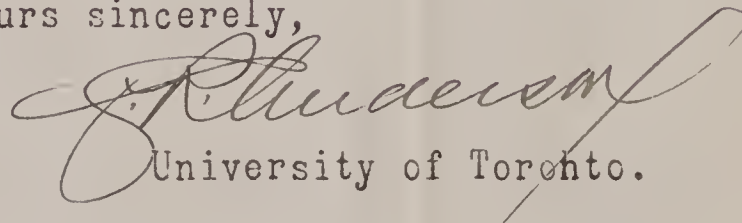

Gentlemen:

Please supply to the University of Toronto one Operator's Booth for Kinematograph Projector 4'-6" x 6'-0" x 6'-6" having openings as indicated in previous sketch supplied. The same to ~~be~~ conform to the the requirements of the Toronto Fire By-Law and the Canadian Fire Underwriters.

The booth must be portable and capable of being quickly set up without the use of tools.

Official order for the same enclosed - stipulated price \$110.00

Yours sincerely,

University of Toronto.

BURSAR'S OFFICE

F. A. MOURÉ, BURSAR.

TORONTO,

24 January, 1914.

Professor G. R. Anderson,
Dept. of Engineering Physics & Photography,
University of Toronto.

Dear Sir:

Your requisition No. 778 in favor of The A. B. Ormsby Co. for \$110.00 is drawn against the Department of Engineering Physics. As the kinematograph machine itself was charged against the Department of Photography, it appears to me that the cost of the booth to enclose it should be charged against the same appropriation.

As the appropriation, however, for Photography is no longer sufficient to meet this sum I am obliged to return the requisition to you, as I do herewith. There is no reason, of course, why a transfer from the "Apparatus" account in Physics to the "Apparatus" account in Photography should not be made if the Board order it.

Yours truly,

ENCL.
